

## **CONTENT CREATION AND MANAGEMENT ■ MASTER CLASS**

**WEDNESDAY, 22 JULY ■ 4:30PM – 5:30PM – MASTER CLASS ROOM 2**

**Title: Colour Management for Digital Cinematographers**

**Presenter: Cedric Lejeune  
Workflows**

### **Abstract**

Digital cinematography is changing its paradigm: from Digital Intermediate between film capture and film output to full Digital from capture to delivery; this presentation discusses the problematics of seeing and setting the right colour on set, for dailies, offline, colour grading and deliverables.

Also covered:

- An introduction on colour management
- The DI concept
- Digital acquisition
- The 'Right' colour
- ASC-CDL
- Workflow examples

### **Bio**

Digital Cinema Specialist:

Knowledge of tools and workflows in post-production and cinema labs

Services for postproduction: training, consulting, auditing, colour management

Software development

Work History:

March 2006 to present *Workflows, La Madeleine, France*

Engineer, consultant

- DI consulting (colour calibration, workflow optimization)
- custom development of Lustre plugins
- Autodesk Lustre certified trainer and integrator
- Cinespace certified instructor
- Content creation: workflow demonstration for Autodesk, Sony, Cine-Tal

September 2000 to February 2006 *Post Logic, Neuilly/Seine, France*

Application engineer

- Integration, demonstration, training and support for Discreet Lustre, software based film/video grading solution. Alpha and Beta testing, definition of functionalities, user documentation. Implementation in cinema labs and post houses (Eclair Laboratoires, Duboi/LTC, Mikrosimage, Sylicone TV, Technicolor Madrid)
- Integration and support for Discreet Flame/Smoke, Max-T, DVS, Telestream, Spruce

- Technologies and Kaydara products.

Education:

1998-2000 *UVHC, Valenciennes, France*

Information and Communication Science Master's Degree (DEA Sciences de l'information et de la communication) Picture and Sound Systems Engineering Master's Degree (Magistère Ingénierie des systems Image et Son)

1995-1998 *UPJV, Amiens, France*

Physics and Chemistry University Associate's Degree (DEUG A Physique-Chimie)
